SIZES

Our bulbs are all carefully, mechanically graded for size. They are listed in six sizes and bulblets. The bulb sizes are as follows: No. 1 (over 1½ inch), No. 2 (1¼-1½), No. 3 (1-1¼), No. 4 (¾-1), No. 5 (½-¾), and No. 6 (¼-½).

LARGE size bulbs are one and one-quarter inch in diameter or more. This size makes the largest spikes and flowers. Sizes one or two.

MEDIUM size bulbs are from one inch to an inch and one-quarter in diameter. They should make excellent spikes and flowers, often as large as made by the larger bulbs. Sizes three and four.

SMALL bulbs are about one-half inch in diameter and often bloom but do not make as large a spike as the larger size bulbs. Under favorable conditions they generally bloom. They often, however, make a better increase than the larger bulbs. Sizes five or six.

SMALL QUANTITIES

Three, five or more bulbs may be purchased at the rate of ten bulbs if desired.

COUNT AND EXTRAS

You will find our count liberal and we feel sure you will be more than pleased with the EXTRAS included in your order. May we suggest a trial order?
